To Teachers and Parents:

In this LIFEPAK the children will learn the sound of short e words. They will learn the sounds of the consonant letters *p, l, c, k, f,* and *h* at the beginning, in the middle, or at the end of words.

The children will be introduced to statements, questions, and exclamations. They will learn to decide what is real and what is make-believe. They will learn the number words *one, two,* and *three*; review the color words; and learn to recognize and write words that rhyme.

Listening and following directions are very important in this LIFEPAK. Children will learn to remember details, to find main ideas, and to tell what will happen next. They will also learn to put events into the order in which they happened.

Word List:

This word list is made up of words introduced at least once in this LIFEPAK. A word that appears in this list is not repeated in the lists of the following LIFEPAKs. A cumulative word list is included in the Teacher Handbook.

The sight words in each LIFEPAK should be drilled frequently. This drill could be done by the use of a chart posted in a prominent place in the room, by word card drills, or by word recognition and meaning games. Encourage children to make flash cards (word cards) to use at home.
